My name is Nicholas Copernicus. I said that the sun was the center of the solar system.

My name is Isaac Newton. I came up with three laws of motion. I am often pictured with an apple.

My name is John Locke. I said that everyone had Natural Rights. Natural Rights are life, liberty, and the ownership of property.

My name is Benjamin Franklin. I had lots of inventions. I didn't patent them because I wanted to share them with the world for everyone's comfort and convenience.
